

FEDERAL GRAND JURY TO INVESTIGATE RELATIONS OF OPERATORS AND MINERS

MEN IN FOUR STATES CHARGED WITH LEVER ACT VIOLATION

Prominent Illinois Coal Operators in the List Made Public Saturday—Scale Conference to Open in New York Monday—Pres. Lewis in Optimistic Mood Predicts There Will be No Mine Shut Down—Farrington Reticent

INDIANAPOLIS, Ind., March 27.—The names of approximately 125 coal operators and miners in the states of Illinois, Indiana, Ohio and Western Pennsylvania indicted recently by a special federal grand jury here for alleged violation of the Lever act and conspiracy sections of the federal criminal code were made public tonight by federal officials. The miners include International President John Lewis, Secretary-Treasurer William Green and Chief Statistician Percy Tellow.

The operators named include Thomas T. Brewster, of St. Louis, Chairman of the operators scale committee, Phil H. Penns, of Terre Haute, spokesman for the operators in conference in Washington just preceding the strike of miners last fall and F. S. Peabody, of Chicago one of the leaders among the Illinois operators. Fifty five Indiana miners or operators were indicted. Forty four of them already have been arrested and service of capias on others is expected soon.

Conspiracy charged. The first four counts of the indictments brought under the Lever act charge general conspiracy to "limit the facilities for transporting, producing, supplying, storing and dealing in a certain necessary, to wit: bituminous coal—by refusing to mine, sell or deliver coal for storage purposes by increasing and maintaining excessive prices of coal by calling and causing strikes among the mine workers, and by closing down coal mines."

Union officials ready. New York, March 27.—John Lewis, international president of the United Mine Workers of America, named among the coal operators and miners indicted for alleged violation of the Lever act, declared in a statement tonight that "there are no proper grounds" for the indictment of himself or his associates. He added that he does not "fear investigation by any court of competent jurisdiction."

NEW CABINET FOR GERMANY IS FORMED

Announcement Just Made Indicates Hermann Mueller is Premier and Foreign Secretary of New German Cabinet.

BERLIN, March 27.—Formation of a new cabinet for Germany with Hermann Mueller as premier and foreign secretary was announced today. The minister of labor is Herr Schick, a Socialist, as in the premier. The minister of economics is Herr Schmidt, also a Socialist.

The other ministers are: Minister of Transport—Gustave Bauer, Socialists; Minister without port folio—Dr. Edouard David, Socialist; Vice-premier and minister of the interior—Herr Koch, Democrat; Minister of Defense—Herr Gessler, Democrat; Minister of Justice—Herr Plunck, Democrat.

Minister of Finance—Captain Fischer Cuno, Centrist and manager of the Hamburg-American Steamship company. Minister of Posts and Telegraphs—Johann Giesberts, Centrist.

Minister of Food—Andreas Hermes, Centrist. Minister of the Treasury—Dr. Wirth, Centrist.

The port folio for reconstruction has not yet been filled. It will be allotted to a Democrat.

Dr. Wirth was formerly minister of finance in the Baden government. He is one of the leaders of the Centrist party in South Germany.

Herr Plunck was a member of the old reichstag. He is a Hamburg attorney and assisted Mathias Erzberger in drafting taxation measures when Erzberger was minister of finance.

Herr Gessler, who succeeds Gustav Noske as minister of defense is the chief burgomaster of Nuremberg.

WOMEN HERE WILL VOTE IN PRIMARY

County Clerk-Riggs Orders Ballots Prepared for Them—Statement From Attorney General is Basis for This Action.

County Clerk G. L. Riggs yesterday received a telegram from L. L. Emmerson, secretary of state, with reference to the right of women to vote in the coming preferential primary. Based on the authority given in this telegram, which quotes Attorney General Brundage's answer to the communication from Gov. Lowden, it is the plan of Mr. Riggs to prepare ballots for women in the coming election.

Seemingly the county clerks have some discretion in the matter, but it is the belief of Mr. Riggs that the law purposes to give the women of Illinois voting rights at the elections of this class, and further that the women down state should certainly be accorded the same privileges as shown in Cook county. Accordingly Mr. Riggs has promptly made the order for the printing of women's ballots and the women of this county can therefore take their whole part in the election April 13.

A telegraphic statement gives further light on this situation: Springfield, Ill., March 27.—County clerks throughout Illinois apparently were thrown into a quandary today by an opinion of Attorney General Edward J. Brundage that women may express their preference for president at the Illinois primaries Tuesday, April 13. The decision of the attorney general was telegraphed to the county clerks by Secretary of State Louis L. Emmerson and this afternoon telegrams began to arrive asking an explanation of the opinion.

The attorney general had previously given an opinion that women could not vote for any of the officers to be elected at the April primary unless the federal woman suffrage amendment has become a part of the constitution. At the office of the secretary of state it was explained today that by the attorney general's latest opinion women may vote only for the presidential candidates, but not for delegates to the national conventions nor for precinct committeemen.

The attorney general's opinion said that "the casting of ballots by women at the coming preferential presidential primaries would not invalidate such primaries, it being understood that the ballots will be separate, counted separately and reported separately."

Officials at the attorney general's office here said this was not a reversal of the previous opinion holding that women could not vote inasmuch as it does not admit the legality of allowing the women to vote.

The last opinion, it was explained, simply means that if county clerks provide ballots for the women and permit them to vote, the election will not be invalidated by their voting.

BELIEVE ARMY AVIATOR IS LOST

Fort Myers, Fla., March 27.—Fears for the safety of Lieutenant Omar Niergarth of Battle Creek, Mich., army aviator, last seen making a flight over the Everglades Tuesday, increased tonight when seventeen searching planes reported that no trace of him could be found.

Indians reported that a machine was seen over the big swamp Tuesday, flying low, and apparently seeking a landing. Persons familiar with the country said a safe landing would be well nigh impossible.

A KINDLY ACT

Yesterday morning the writer missed street car and hack and was about to miss his train when a kind hearted auto driver, not going in the direction of the station took pity on the pedestrian and whisked him to the train in a hurry. In his haste the writer forgot to ask the name of his benefactor but hopes to be able to repay the act some day.

DISCOVER QUANTITIES OF ARMS IN GERMANY

Germany Seeking to Avoid Executing Treaty Terms is Belief.

Allied Officers Discover 3,500 Three Inch Field Guns in Vicinity of Berlin—French Sensitive on Point of Non-Delivery of Arms.

PARIS, March 27.—Great quantities of arms have been discovered in Germany by the allied officers charged with supervising execution of the peace treaty, according to advices received here. In Brandenburg and in the immediate vicinity of Berlin, alone 3,500 three inch field guns were found.

This discovery by the allied officers, together with other information in possession of the French authorities is considered by French officials to indicate that Germany is endeavoring to avoid executing the terms of the treaty.

In addition to her failure to take any steps to reduce the German armed force to 200,000 men, although the time limit expires in 12 days, as pointed out by M. Millerand, Germany has done little or nothing the French declare toward execution of about 36 clauses of the treaty on which the limit has already expired.

The only provision that has been fully executed is that providing for the delivery of seeds for the spring planting in the devastated regions. It is admitted however, that something has been done regarding some of the general provisions such as reduction of the military schools.

Restitution of factory equipment and other taken from northern France has been in progress since the armistice, but is far from being completed. An inventory of the aeronautic material has been in progress, but no machines have been delivered and the mission of 100 billion francs in bonds, the proceeds of which are to be applied to reparations, has not yet been regulated.

The delivery of submarines has only been partly executed while nothing has been done regarding the delivery of arms and ammunition or demobilization of the naval forces.

It is held by the French that the Germans have raised all sorts of difficulties with the object of gaining time in the house of evading fulfillment.

The point on which the French are deemed to be most sensitive is the non delivery of coal as provided in the peace treaty. The reparations committee fixed the amount at 10,400,000 tons on the basis of Germany's production in the month of December. Deliveries, however, fell from 300,000 to 10,000 tons monthly. This is held to be good proof that the Germans' intention to evade her obligations as her ability to deliver 850,000 tons a month was determined by the reparations commission.

It is said in official circles that either the occupation of the Ruhr Valley by German troops or the organization of a separate government there would have an ultimate effect on the transfer of the object further dodging of the execution of the treaty terms.

NEW MEX DELEGATES FOR MAJ. GEN. WOOD

Santa Fe, N. M., March 26.—New Mexico's delegates to the National Republican convention tonight were instructed for Major General Leonard Wood for the presidential nomination. Action of the convention came after a motion to endorse Wood, without instructions was voted down. The vote to instruct for General Wood was unanimous.

The convention today listened to the keynote address of Colonel George W. Pritchard, temporary chairman, and addresses by Governor Larrazolo and W. A. Kling, regional director of finance. Mr. Kling warned the convention against over confidence in the presidential campaign. He urged the Republicans to be ready to meet the most powerfully financed campaign ever put on by the Democrats.

He declared the Democrats will have a tremendous campaign fund, "amounting to \$50,000,000 if they need it."

KIDNAPPING CASE Baffles Police

Men Who Abducted Kentucky Lad are Still Large.

LAD'S FATHER NOW OFFERS CASH REWARD

Lexington, Ky., March 27.—reward of \$2,000 for the arrest and conviction of the kidnaper of his 12-year old son, Paul, was offered tonight by E. R. Little, Lexington, capitalist.

"I will give \$5,000 to any man who will prove that I owe him any money or have done anything that would warrant his revenge. Mr. Little's statement continued: "If there is any one who believes that I have wronged him, I want him to say so, and I will guarantee his release in case he is arrested as the kidnaper of my son."

"I am not afraid of any bodily harm," Mr. Little declared. "My conscience is clear. I am convinced that the kidnapping was the work of professionals."

Mr. Little explained that he was making the offer of \$5,000 because of public opinion which possibly he is prejudiced against him by the vindictive tone of the note made public yesterday. This note declared that Mr. Little had wronged the unknown abductor and that the kidnaper was taking this means of getting even."

Detectives and county officials have not yet found a trace of the kidnaper.

JACKSONVILLE SHOWS BUT SLIGHT INCREASE

Aurora, Ill., 26,255, increase 4,940, or 38.6 percent.

MR. PATCHMORE IN OUR CITY

National Character Coming To See Jacksonville and Local Attractions.

It is reported that a letter signed "Patchmore" requesting that a front seat be reserved for both performances of the Elks' Jollies of 1920, on April 1st and 2nd. It is presumed of course, that this "Patchmore" is the real person who is so frequently caricatured by McCutcheon, the famous cartoonist, and who enjoys the "fat of the land" and the biggest and best attractions in the United States and always enjoys luxuries without paying for them and moreover never works.

He, doubtless, has heard of our beautiful city of Jacksonville and believed that April 1st and 2nd a good time to see it and of course see the Elks Jollies. Altho Mr. Patchmore will not find anyone like himself in Jacksonville, yet he will perhaps be content in his own society and enjoy to the limit the spirit of good fellowship that prevails in this community.

L. E. MILLIGAN VERY ILL IN COLORADO

Dr. Grace Dewey left yesterday for Colorado Springs after receiving a telegram from Dr. Josephine Milligan indicating that the condition of her brother, L. E. Milligan, is critical. As previously mentioned, Mr. Milligan, superintendent of the Deaf, has been troubled with a lung ailment but it was only in recent weeks that it was found that the disease was of any serious kind.

MOVING DAY HAS NO TERRORS.

They say that moving day in the cities this year, usually a time of domestic turmoil and distress, will pass more quietly than ever before. The reason is that the tenant of today is afraid to be dissatisfied and never talks of moving to some other location because the repairs have not been kept up or on account of dissatisfaction with the neighbors.

It is a case of hanging on a home whatever may be the disadvantages, and in most cities there is really no place to move. The housing problem continues

to be one that bothers cities large and small, and the congestion is going to continue. If one may judge from the number of building plans that have been abandoned after an estimate of the costs was made.

A STRAIGHTFORWARD ANSWER.

Gov. Lowden as always has sent his answer straight out from the shoulder to Senator Borah's charge that money is being spent without restraint in both the Wood and Lowden campaigns for the presidential nomination. The Illinois governor has indicated very clearly that he courts the fullest publicity and would like to see all candidates make public a complete list of contributors and contributions, together with a statement of expenditures. Some of the other candidates for the presidency have not manifested this same enthusiasm for a full public accounting.

STILL ON THE PAYROLL.

Most people have had the idea that with the signing of the armistice that there came a great slump in the number of government employees and that the names of thousands of men and women quite quickly slipped from the pay rolls.

But an investigation now being

made indicates that while there may be lesser number of government workers in Washington, that take it as a whole, Uncle Sam has more workers on the pay roll now than ever before. The list of "deserving" Democrats eligible for jobs seem to be quite inexhaustible.

JACKSONVILLE AND THE CENSUS.

The census department last night sent out information that the population of Jacksonville is now 15,713. These figures indicate a very small growth but there is nothing discouraging in these figures for most cities where rapid growth has been shown are industrial centers or have shared one way or another in a special industrial development as the direct result of the war. Jacksonville in the past has not been distinctly an industrial city. It is a city located in some of the best land in the U. S. It has stable business conditions and does not have the ups and downs that characterize the business life of so many cities.

But when it comes to growth, it will be a very safe guess that the census ten years hence will

show a much larger percentage of increase. The water question has been often referred to as the greatest problem Jacksonville has had to face and the successful solution of that question with the abundant supply provided thru Moultrie lake is certain to bring industrial and commercial growth.

Jacksonville in its present condition, with its excellent homes and high grade civic conditions, is a very satisfactory city. The Jacksonville of ten years hence will be even more satisfying and distinctly larger in a commercial and industrial way. This is a prophecy—this is a hope—but the present day facts fully justify these expectations.

THE TEACHERS AND THEIR SALARIES.

The teachers in the public schools of Jacksonville are quite naturally awaiting with interest the first meeting of the board of education in April. It is understood that the board will then make known what is their intention with reference to increasing salaries of teachers.

When the question of giving the board authority to increase

the tax rate from \$1.33 to \$2 for school purposes was decided by the voters it was generally understood that a goodly portion of the additional fund thus made possible would be used for increasing salaries.

Just what the board has figured out remains to be seen, but the teachers are quite confident that increases will be given them. In fact, the board made a public statement to the effect that some relief would be given this year if it was found that after consultation with the state department of education that the board was within its authority in utilizing the funds authorized this year.

It is quite probable that the board will pay to each teacher some lump sum or bonus in addition to the regular salary for this year, and that next year the increases will be systematized in accordance with training and experience that the individual teachers have.

The teachers who discuss the salary increases make it quite plain that so far as this year is concerned they are not particular whether the money is paid them in a lump sum as a bonus or the salaries increased in a stated way. What they are most interested in is getting the money to meet their increased living costs. There is no denying the statement that many of the teachers in the public schools of Jacksonville have been serving all this year and in fact for a longer period, at salaries less than they could secure elsewhere because of their loyalty to the schools of Jacksonville, and for the further reason that they are loath to leave this city.

When it comes to increased salaries next year the board must be guided to some extent by the salaries that are paid in other cities. For the board is coming to realize that if the best teachers are to be kept here that the range of pay must be commensurate with that in other school systems.

One Jacksonville man not a member of the board of education but well informed in school affairs knows that during past months a number of the best teachers in the schools of this city have filed applications for next year in other cities. This action was taken before the election and now that these same teachers are to receive higher salaries here, it is hoped that their applications will be withdrawn from other cities.

The board of education now has a salary schedule for teachers based on experience and training. It provides for initial salaries and for increases during the period of service. No doubt this same plan of recognizing individual training and worth will

continue, and the larger amount of funds available will make substantial increases possible. There is one thing quite sure, and that is there is no danger of the average teachers being overpaid.

Back to Normal.

We won't get back to normal ways until we've had some rainy days. So long as roubles grow on trees, and greenbacks wave in every breeze, we'll hit high places and repeat, and scorch the length of Easy street. We can't be prudent while the rest are blowing money galley west. It's epidemic, like the flu, this gorgeous spend-thrift howdydo. Some day a panic, large and pale, with four white feet and braided tail, will land upon us while we spend, and to our orgy put an end. Then you will see men out of jobs, and you will hear the housewives' sob's and you will mark the loan sharks thrive, while others scarce can keep alive. Then we'll quit blowing useful coin for canvasback and tenderloin, and thank our gods if we've the price of wholesome liver off the ice. And we'll cut out the silk attire, the princely tips, the chauffeur's hire, and all the costly pomp and vain, and demonstrate that we are sane. Then every sad and chastened gent will ponder as he spends a cent, and figure for a rainy time before he cuts loose from a dime.

The shirts shown now by FRANK BYRNS Hat Store will be referred to as unusual bargains before next fall.

Human Wolves

They have broken in! Howling at all that is holy—Ranting at law, sneering at decency—Scattering red poison from mouths that prate of "humanity"—Working, perhaps in your home! They have broken in! Burning, bombing, slaying—Enlisting the dreamers, drones and vandals in a crimson crusade.

See them in "Dangerous Hours." A soul-stirring love-drama of this hour. The story of a young American, clean and fearless, who joined the pack to "help mankind"—injured his friends—forgot his father—wronged the woman who loved him—turned to a woman who dragged him down.

See—

The Great New England strike riot. Blocks of buildings set aflame by fanatics. The crimes of the Red Guard. The "nationalization" of Russian women. The gathering of the Soviet. The secret plottings of the "Committee of Terror" in America. Scenes of daring, sacrifice, passionate love.

Baby Chicks Need VARIETY —Give It to Them!

Give your chicks right from the start a variety of materials such as they pick up on range in early summer and they will GROW.

Blatchford's Milk Mash PROVIDES VARIETY

This feed contains 25 ingredients—all carefully ground and mixed in proper proportions—providing a mash so rich in nourishment that baby chicks grow too rapidly and develop too much vitality for white diarrhea, bowel trouble or leg weakness to take hold.

Start and grow your chicks on Blatchford's. By so doing you will raise a bigger percentage of each hatch and your chicks will grow better than on anything else.

Sold in 4-lb. cartons, 25- and 100-lb. bags. Manufactured by the makers of the world-famous Blatchford's Calf Meal—Blatchford Calf Meal Company, Waukegan, Ill.

GIRL RESERVES ORGANIZED IN CHAPIN
As a result of the fine response to the World Service campaign of the Young Women's Christian association in Morgan county, Miss Francella Stuenkel, field secretary for county work in the state of Illinois has organized two groups of Girl Reserves in Chapin.

A company of High school girls reserves has been organized with Mrs. Charles Eitzen as leader. Miss Mary Black is the leader of the Grade school girl reserves.

The slogan of the Girl Reserves is "To face life squarely". The purpose is "to find and give the best."

The Girl Reserve movement is the Y. W. C. A. program for younger girls. It aims to develop initiative and responsibility among girls through committee work and through service in school and home and community.

Miss Stuenkel hopes in the future to organize Girl Reserve clubs in other towns of Morgan county. A High School company is now being organized in Franklin.

Busy Women
Clean Electrically
The woman who has many interests — welfare work, club, social, political, religious, athletic, educational — finds the electric cleaner indispensable.
Her home is not slighted but is kept in better condition with less effort, in less time. Such a woman buys an electric cleaner as an investment — as a business man buys a typewriter or installs a telephone, for sound, practical reasons.
People who know will appreciate the many good points of the Western Electric Cleaner.

FORMER MANCHESTER RESIDENT IS DEAD

Mrs. Henry Dixon dies at Home in Medora—Manchester News Notes.

Manchester, March 27.—Word was received here Friday of the death of Mrs. Henry Dixon, which occurred at her home in Medora early Friday morning. Deceased was stricken with paralysis some days ago and remained in a critical condition until her death. She was fifty-three years of age. Mrs. Dixon spent her entire life in this vicinity until June, 1918, when her marriage to Rev. Henry Dixon occurred and their home was established in Medora. Her maiden name was Carrie Beebe and she with her first husband Simmons, resided on a farm east of Manchester several years. After Mr. Simmons' death five years ago, she removed to Manchester, where she continued to reside until her marriage to Rev. Dixon in June, 1918.

Deceased was a faithful member of the Baptist church. She was a woman, respected and admired in her home community and her many friends and acquaintances will hear with deep regret the news of her death.

Rev. Dixon served for a time as pastor of the Manchester Baptist church and he will have the sympathy of a large number of friends in his bereavement.

Deceased leaves to mourn her loss, the husband, Rev. Henry Dixon, a stepdaughter, Miss Gertha Dixon, of Medora; a stepmother, Mrs. Mary Beebe of Wrights, and two stepdaughters, Mrs. Clara Poege of Missouri, and Miss Edna Beebe of Wrights.

Funeral services were conducted at Medora, Saturday afternoon. The remains will be brought to Manchester Sunday and funeral services will be conducted at the Baptist church at 11:30 o'clock Sunday morning. Interment will be made in Bethel cemetery.

Mrs. Priscilla Stephens and Miss Louise Pearce were hostesses to the members of the Junior League of the M. E. church Friday evening at the home of Mrs. Stephens. Fifteen members of the organization were present and the evening was delightfully spent in games, followed by the serving of refreshments.

The Ladies' Aid of the Baptist church will hold their annual bazaar and picnic in the Weils hall, Friday evening, April 2.

Miss Mary Cummings of Litchfield is spending the week end at the home of her parents, Mr. and Mrs. E. C. Cummings.

Miss Dorothy Oehler is spending the week end at her home near Winfield.

Misses Hattie and Florence Lemon were Jacksonville visitors Saturday.

Easter coats and suits for misses and ladies that are up to date, practical and moderately priced, at HERMAN'S.

MISS APPLEBEE WILL BE MARRIED TODAY

Will Become Bride of Ross D. Hinderlter of Smithfield This Afternoon—The Ceremony Will be Said by Dr. J. R. Harker.

Miss Mildred Applebee, of Jacksonville, and Ross D. Hinderlter of Smithfield, will be united in marriage at noon today by Dr. J. R. Harker at the new country home of Dr. A. B. Applebee just northwest of the city.

The wedding will be informal, only the relatives and a few intimate friends of the bride and groom will be present. Mr. and Mrs. F. D. Hinderlter, of Smithfield, parents of the groom and Mrs. Edna Gurfroy of Bloomington and Mrs. Herbert Whitehead of Canton from out of the city, will attend.

The bride is the daughter of Dr. and Mrs. J. O. Applebee of this city. She is well known and is popular with a large circle of friends.

The groom is a son of Mr. and Mrs. F. D. Hinderlter, of Smithfield, and is in the lumber business with his father in that city. Mr. and Mrs. Hinderlter will leave this afternoon on a bridal trip. They will be at home in Smithfield after May 1st.

Another lot of Gage Sailors just received, at HERMAN'S.

Funeral Notice
The funeral of Mrs. R. L. Pyatt will be held from Central Christian church this afternoon at 3:30 o'clock.

Professor Scott royally entertained the Sophomore class of Illinois college last evening at his home on Grove street.

About forty of the class of 1921 were present at the party given by their class officer. They were taken thru an Art exhibit where they were much impressed, or amused by such paintings as "The Old Mill" by C. O'Fee; "The Lings of Mystery" by S. A. U. Sage; "The Caesars" by T. Onge; "A Study of Fish" in oil, by S. R. Dean; and "The Horse Fair" by H. A. Notes.

The young folks enjoyed the evening at the exhibit and singing and playing games.

This is the class which won a box of candy at the president's reception a short time ago and last evening the students held a mock funeral over the box.

S. Mack Peters, president of the class, was recently operated on and is now recuperating at his home in Bluff Springs. The class decided last evening to send Mack post cards or letters from each member of the class.

Later in the evening light refreshments were served.

Mr. and Mrs. J. S. Green Entertained Friends.

Mr. and Mrs. J. S. Green entertained a company of friends at their home on Webster avenue Saturday evening. Music and games furnished amusement for the evening and at a late hour light refreshments were served. Those present were: Mr. and Mrs. Wilder, Mr. and Mrs. Logan Sargent, Mr. and Mrs. Burley Young, Mr. and Mrs. R. L. Dye and son Lawrence, Mr. and Mrs. James Rice, Mrs. Grace Ornellas, Mr. and Mrs. Charles Patton and son Orville and Mr. and Mrs. Fred Benson.

WEAVERS AT CAPPS MILL ASK INCREASE

Weavers employed at the mill of J. Capps & Sons are out on a strike. Members of a grievance committee who represent the weavers stated to a Journal reporter Saturday that they are asking for 25 per cent increase in wages. They declare that living costs and the scale of wages paid in other cities justify the demand. Most of the men are piece workers and it is their statement that the mills have run from \$8.40 per 100 yards to \$15 per 100 yards for work of the class they do. The matter was presented to Supt. Alexander and his reply on behalf of the firm was that the increase in wages cannot be granted.

All employees were given an increase of 12 1/2 per cent in January of the present year. H. M. Capps, president of the firm, said last night that the employees are wrong in their belief that the scale here is lower than at other similar mills. He said that a recent survey of 14 or 15 mills shows that the plant here is paying at a higher rate than other mills and that the total working hours per week are 5 or 6 less in number here than elsewhere. He said that the mills from which the figures are quoted are all competitive with the Jacksonville institution.

It is possible that other conferences will be held this week. The strike of weavers continue for any length of time it will necessitate a shut down of practically the whole plant.

An Important Message To Suit Buyers

—We are busy on Easter orders, but can accept a few more for Easter delivery if received early.

—Always the well dressed man has had his garments tailored-to-measure.

—This practice daily is becoming more prevalent.

—There are several reasons for this, but the most important is the question of price.

—Tailored-to-measure clothes always look better and wear longer than do factory-made—an undisputed fact.

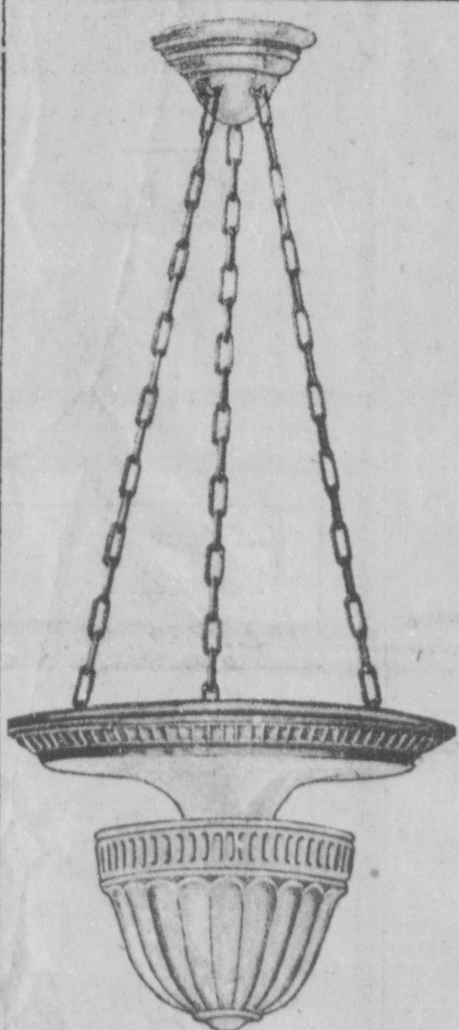

—Ready-made clothing, quality for quality, now is as expensive as tailored-to-measure.

—Hence the increasing numbers of men wearing tailored suits.

—Present high prices make it incumbent upon every man to get the most for his money—in clothing it will be found in tailored-to-order. —Our spring woolen stocks are in and we ask your inspection.

RESPOND LIBERALLY TO APPEAL FOR AID

Seventeen hundred children is the quota of Morgan county in the Near East relief fund campaign. It takes \$5 to maintain an Armenian child for one month and it is desired that the people of this county shall contribute to this worthy and appealing cause enough funds to care for 1700 of these suffering children for the one month period. As already indicated, the committees are now at work in both Jacksonville and surrounding country and the apportionment is being rapidly met as the solicitors find that the people generally are interested in this work and ready and willing to do their share.

The apportionment in Jacksonville and South Jacksonville is as follows:

Business section, 316.
First ward, 62.
Second ward, 161.
Third ward, 116.
Fourth ward, 237.
South Jacksonville, 50.

MAVERICKS

Well, here we are again.

We haven't been asleep, just resting up a bit.

There have been a lot of funny things going on while we have been off the job.

For instance, the naming of the new lake.

There must be considerable money in being an army officer, if one is to judge by the amount that is being expended in General Wood's campaign for the Republican presidential nomination.

What Do You Mean Bro. McNabb?

The *Crith*, a Herald was 49 years old March 11. It was originally started by a stock company. We had the pleasure of owning and editing that publication from 1881 until 1887. It is now owned and edited by C. H. Lamar and is a reputable newspaper.

—Carrollton Gazette.

Mrs. Charlie Chaplin is threatening to divorce the screen comedian. This leads to the belief that Charlie's capers in private life are not as funny as they are on the screen.

Siegfried Sassoon, an English poet has arrived in our fair land. He says he came to give us the "once over" to learn what he can. We never saw an Englishman who really believed that he had anything else to learn. However, one with a name like Siegfried Sassoon might be different.

Judging from reports from the big league training camps there will be eight pennant winners in each of the big leagues.

If the evidence being brought out at the naval investigation is true we have spent a lot of money in naval work in the past few years and did not get our money's worth.

Some learned doctor comes forward and tells us that afternoon and night are the best times to kiss. That, however, is something that most people have known since the time of Adam and Eve.

It seems to be the open season on public officials in Ireland.

We hope the Democrats don't put another plank to reduce the cost of living in the 1920 platform.

Speaking of platforms, it is going to cost something to build one at the present price of lumber.

We commend the miners for going on strike in April. It is a much better time from the consumer's standpoint than November.

A St. Louis millionaire married a burlesque actress. She probably got a clown in the matrimonial venture.

For a man supposed to be politically dead, W. J. Bryan seems to be cutting considerable ice these days.

The peak of high prices has been reached says a headline. But most of us are having difficulty in reaching the peak.

George Carpentier says that his fight with Dempsey will be his last.

Most people will agree with Georges.

From County Agent's Office

Keeping Books for a Farm Bureau—This is no light task when it comes to keeping accounts with 1100 individual customers, yet that is the task that confronts the secretary of the Morgan County Farm Bureau. First there is the membership record which shows when each member's three year period begins and ends and when he paid his dues for each year. Then there is a complete list of all the receipts of the year in detail including membership dues, Smith Lever funds and State appropriations. Next comes the long list of disbursements. As itemized statements of receipts and disbursements are made every six months to the state leaders office, the secretary has no light and easy task confronting him. It is true that a great many of the entries are made by the office secretary, but then it takes some time to look over a list of 1100 customers. The secretary of a farm bureau rarely has any opposition at election time.

Iowa 103—At least ten Morgan county farmers have bought choice seed oats of this variety for the purpose of growing seed for 1920. This seed was located for us by the secretary of the Iowa Seed Growers association at Ames, Iowa. It is perhaps as pure as it is possible to get from any source. H. J. Rice, Fred Hagen, R. S. Hamilton, Ed Pearson, Nels Smith and Harry Kitterman of Arnold, R. S. Wood, east of the city, R. R. Ranson, southwest of the city, Wm. G. Richardson of the Point neighborhood and C. H. Gibbs of Lynnville are the men who have ordered seed for the purpose of growing good seed. In addition A. C. Moffett of Waverly ordered 200 bushels for his farms.

Soybeans Sell Readily—This office has been in touch with only a limited supply of two varieties of Ebony and Mongol. C. A. Rowe and Ed Scott of Franklin each grew a considerable quantity of Mongol beans for seed purposes. This is a very satisfactory yellow bean maturing in about 115 days. At last accounts Mr. Rowe had completely sold out to local buyers, and we have every reason to expect a similar report from Mr. Scott. We know of no other supply of Mongol beans. We shall then fall back to the Ebony which has been widely grown in Illinois. This is a black bean that matures earlier than the Mongol, and one that rarely fails to prove satisfactory.

Announcement No. 3

WHO WE ARE---

J. C. Penney Company was a pioneer in giving to the men who came into the organization an opportunity to become partners in various stores. We know that when you know us you will have implicit confidence in our intention and determination to render to you a service worth while whenever you require Dry Goods, or Wearing Apparel and shoes for Men, Women or Children.

Why We Came to Jacksonville

First of all—We are Here to Stay

Our investigation of conditions in and around Jacksonville has convinced us that the majority of people will quickly appreciate the advantages offered to them by the service of this store.

With new goods always, lowest prices every day and courteous service at all times—this "different" store will fill a long-felt want in this community.

WE ARE FOR JACKSONVILLE

We like the town, we like the people, we are BOOSTERS, we believe in BOOSTING, we believe in Co-Operation. Co-Operation built The J. C. Penney Company from one small store in 1902, to Two Hundred and Ninety Seven Stores, in 1920. Co-Operation will make Jacksonville a bigger and better town.

INCREASING PRODUCTION MAKES NECESSARY NASH FACTORY EXPANSION

Increasing demand for products of The Nash Motors Company is reflected in substantial additions to the great plant at Kenosha during the past year. It is in this factory that Nash six cylinder cars and Nash trucks are built, the new plant in Milwaukee, now under construction being planned for the exclusive production of the Nash Four.

An important addition to the factory is found in a building 120x120 which was added to the large foundry. There also has been constructed a foundry warehouse and pattern storage 80 by 100 feet. Other new buildings include a new roller bearing tool room and pattern shop, 100 by 600 feet and an addition to the sheet metal shop measuring 32x236 feet. Under construction now are a new baller room 50x50 feet and an addition to the heat-treating department measuring 40x140 feet.

The construction of all these buildings is thoroughly modern and was carried out without interruption to work in the busy Nash shops.

There are in operation in the Nash factory over 1,500 productive machines and over 300 factory maintenance machines; the plant embraces 1,011,322 square feet of floor space and in the power plant which keeps the machinery in operation, 120 tons of coal are used every 24 hours.

Five thousand men are on the payroll of The Nash Motors Company.

Easter! Get ready!

The Robin is whetting his throat and brightening his vest. The buds are getting ready to unfold. Here and there a blade of grass is about to "bust" forth from the war dark loam. Why?

Because Easter is coming—Spring—the starting anew of the world's life, including the human hearts and spirits and ambitions.

Easter means shedding winter's gray garb—tuning up to the wonderful days ahead. A man's way is to step forth in new attire.

Kuppenheimer good Clothes

Sold on Easy Terms

These new 1920 model McDougalls now on Special Display are guaranteed to be the most sanitary and complete, most up-to-date, best-looking and best-built kitchen cabinets in the world.

McDougall

THE WORLD'S BEST KITCHEN CABINET
Why Trot, Trot, Trot the Live Long Day?

Why be a slave to your kitchen—why trot, trot, trot those strength-sapping, thousand needless steps a day when 400 articles can be kept within an arm's reach in a roomy, big-capacity McDougall? Why, for the sake of a few cents a day spend an extra hour a day in your kitchen—an hour that you could devote to reading, recreation or the children, had you a McDougall?

The McDougall has led for a quarter century. A McDougall was the first kitchen cabinet ever made. Every year since has seen McDougalls foremost in improve-

ments. Nearly 100% of all kitchen cabinet improvements appear first on McDougalls. And so, ever ahead—as the latest 1920 type McDougalls bear witness by the many features as yet to be had nowhere else—you are offered in a McDougall the most modern, best built cabinet on earth.

Yet a McDougall costs no more, cents a day! Choose your McDougall why delay?—for a few Dougall this week.

See Our Special Display! McDougalls are priced so you can afford them.

ILLINOIS COLLEGE
ENDOWMENT CAMPAIGNPlans Rapidly Maturing For
Work to be Done Locally.

Plans for the Endowment campaign which Illinois college is preparing to "put on" in Jacksonville and Morgan county from April 11 to 17 are being rapidly perfected. At a recent meeting of the trustees and representative citizens it was decided that a fair quota for Jacksonville and Morgan county would be \$100,000. This sum is only one-fifth of the total of \$500,000 which the college is endeavoring to raise. It was unanimously agreed that one-fifth of the total would be a reasonable amount for the local constituency of the college to subscribe.

The cause will be presented in all the churches of the city on Sunday, the 11th of April. Several churches have already agreed to cooperate in the Union service on that Sunday in the interest of the College Endowment campaign. The chief speaker for that Sunday Union service will be the Reverend Louis F. Holden, president of Millikin University at Decatur. Dr. Holden was for a great many years president of Wooster University, Ohio. He was for some time associate secretary of the Presbyterian college board and gave up that work only a few months ago to accept the presidency at Millikin. He is a very forceful speaker who has had wide experience in both religious and educational work. Detailed announcement of the time and place of the Union service will be made in a short time.

The general committee is busy selecting the various committees which are to have charge of the campaign. As soon as these details are completed, announcement of the appointments will be made.

MAE GRAVES ATKINS
IS GREAT SINGERChicago Critic Speaks Highly of
Her Ability—English Celliste
Also in Front Rank in Musical
World.

Judging from advance reports the annual spring concert of the Woman's club promises to be the best this organization has ever promoted. The music committee of the club brings two artists this year.

Mae Graves Atkins, soprano, of the Chicago Operatic company and Vera Poppe, the famous English celliste. Speaking of Miss Atkins, W. L. Hubbard, the well known critic of the Chicago Tribune, says:

"Breath control, tonal attack, shading and graduation of tone, coloring of the voice to suit interpretative needs, sustaining of any tone softly as well as at full voice, all these are at the singer's command."

"She catches the mood and meaning of a song and translates them with convincing eloquence to her hearers. Her diction in both French and English is admirable."

Vera Poppe who appears on the program with Miss Atkins is one of the most noted woman cellistes in the world. She played with all of the leading orchestras of England. Her American debut was made at Aeolian hall, New York City, in October, 1917. Since that time she has continued to win new honors with every appearance.

These artists will appear at Northminster church, Thursday evening, April 15.

ILLINOIS COLLEGE
NOTES

Devotional meeting will be held at Academy Hall, Sunday evening at 6:30. The leader of the meeting will be William Fiedling who will speak on "Social Activities versus School Study."

The date for the annual banquet of the Jacksonville Alumni association has now been definitely set for Friday, April 9th. It will be held at the Christian church. The ladies of that church have established a good reputation for serving fine suppers and the committee considers itself fortunate in having been able to make this arrangement with them. The toastmaster of the occasion will be Mr. H. H. Bancroft, '96. The chief speaker of the evening will be the Reverend Thomas W. Smith, '87. Arrangements are also being made for some out of town talent in connection with the evening's entertainment. Not only the alumni and former students of the college but also the alumnae of the Academy and Athenaeum and friends of the college are cordially invited to the supper. There will be no solicitation of funds.

Born to Mr. and Mrs. J. Herbert Colton of Minot, N. D., a son, Herbert Allan, March 12, 1920.

Plans have been nearly completed for the formal opening of the new museum on the second floor of the Whipple Academy building. The exercise will take place on Tuesday evening, April 6. H. C. Coates, H. of the department of botany of the University of Chicago, will give an illustrated lecture on "Our National Parks as a Reservoir for Scientific Research." The public is cordially invited.

Glenn Strickler, '22, was called home Thursday on account of the sudden death of his brother.

Among the visitors on the campus during the past week were Lucille Baker ex '21, who is teaching at Tallula, and Elzoria Ennis, '18, of Petersburg.

Dr. F. P. Norbury ex '86, has an article in the American Magazine for March on "Is That Your Dummy and Is That Your Hiding Behind It?"

This week many men will select their spring hat. A special large assortment of late styles are shown by FRANK BYRNS Hat Store.

PLANS PROGRESSING
FOR GOOD BALL CLUBManager Smith Says Jacksonville
Have Club—Many Teams Asking
for Dates.

Manager Frank Smith announced Saturday evening that plans were progressing for one of the fastest semi-professional teams the coming season, Jacksonville has ever had.

The work of soliciting for funds is still in progress. The fans are responding in a satisfactory manner and Mr. Smith hopes to have this work completed by Tuesday.

As soon as the necessary amount is secured work will be started on the stands and the diamond. It is hoped to be able to open the season on Sunday, April 18.

Several fast teams have written for dates during the season. Among them are Springfield, Decatur, Alton, Bloomington, Virden, Hannibal, Quincy and Pittsfield. It is probable that Jacksonville's old rivals, Franklin and Murrayville, will have teams this year. If they do games will be booked with them.

For the opening game Manager Smith is trying to book one of the Three Eye league teams. If it is impossible to secure one it is probable the opponents of the Indians on the opening date will be the Springfield Centennials or the Beardstown Greys.

Contracts have been mailed to all of last year's regulars. A number of recruits will be given tryouts and given every chance to win a place on the team.

Jacksonville Lodge No. 570 A. F. & A. M. will hold a stated meeting Monday night at 7:30 o'clock. Visiting brethren welcome.

The Sensation of Motordom

The New Velie

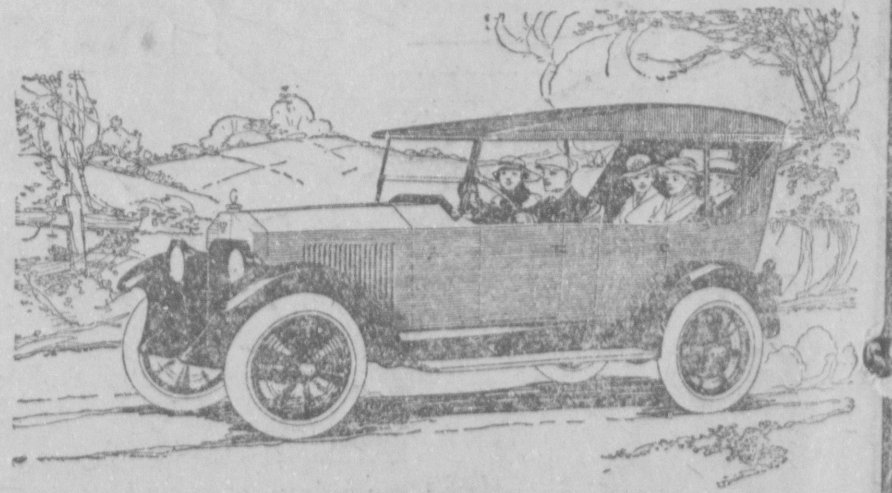

The Most Desirable Car on the Market Today

Hundreds have seen the new Velie—and have taken their first ride in it. They pronounce it far and away the leader of all light-six models for 1920. Its distinctive style is the first attraction—the symmetrical, harmonious combination of planes that sets a new standard in body art—the new dress that satisfies your idea of what to-day's car should be. But its style is matched by its comfort—its longer body—really broad doors—more room in its deep tilted seats and soft plaited upholstery.

And that new motor! Here is the net result of all that engineering science has gained in the last four years—an amazing power plant—silent—supple—a perfect performer on low grade fuel—the greatest money saver under any hood. Come and see it. Take your ride in it and let us have your verdict.

There are five models in the line, each with attractive new type straight-line body. Let us show you.

Contains every good feature. Burns low grade fuel. Has abundant power and speed. Is surpassingly beautiful. Wonderfully comfortable. Remarkably priced. Deliveries now. Ask for demonstration.

Value—Efficiency—Luxury—Individuality—Economy

SERVICE LEGION

On the evening of Thursday, April 8th at David Prince auditorium our state president and state organizer, Mrs. William E. Hartman, will give a talk and instructions on S. S. work. She has expressed the desire to meet the officers of the American Legion and S. S. L. at that time and will try to interest the ex-service men at this meeting.

A preliminary program by local talent is being arranged which will be published later.

This talent will represent the best in our colleges—Conservatory of Music—and some past graduates—for this hearty cooperation we feel most grateful.

Mrs. Hartman will then address us. We are sure you will find her entertaining as she is thoroughly posted in the work both state and national and keenly alive in the interest. She feels her whole heart is in the work for the betterment and advancement of S. S. L. and all connected with it.

She is anxious to meet the ladies from the country and counties adjoining in an afternoon session at 2:30 in the Sunday school room at Grace M. E. church and organize new chapters.

This is your opportunity to get in touch with the work. Secure your charter and organize your chapter.

Every mother whose son, or woman whose husband or brother was in the world war should be a member of the S. S. L. If you read the S. S. L. magazine it will keep you in touch and informed as to the work being done in national and state work.

Dr. Hess Stock Tonic
A Spring Conditioner and
Worm Expeller

Spring is Here. Soon the litters of pigs will be coming, the calves, the lambs, and the colts will be dropped. Feed your brood sows Dr. Hess Stock Tonic before and after farrowing. It makes the bowels active, relieves constipation, promotes good health and good digestion which means healthy pigs and a mother with a milk supply to nourish.

Condition your cows for calving by feeding Dr. Hess Stock Tonic before freshening. Then feed regularly to increase the flow of milk. It lengthens the milking period.

Give your brood mares a course of Dr. Hess Stock Tonic. And your work horses. It puts your team in fine fettle. You cannot afford to plow, harrow, sow, reap or team with a team out of sorts, low in spirits, rough in hair, blood out of order, or full of worms. Dr. Hess Stock Tonic is good for sheep—especially good for ewes at lambing time.

FARM TENANCY IS GROWING IN STATE

Illinois Association Officer Says Records Show Ownership Is Best For Lands.

"Farm tenancy is increasing in Illinois. Tenants farms are less productive than farms operated by the owners and under our present system of leasing and soil maintaining, Illinois farms are decreasing in production," says

Howard Leonard, president of the Illinois Agricultural Association. This is the consensus of evidence of farm owners and workers at a series of seven hearings in different sections of the state conducted by the Illinois Farm commission of which Mr. Leonard is a member. The last of the three meetings was held at Danville this week for Vermilion and Edgar county farmers.

A volume of experience has been recorded and all sides of the question discussed. It has brought out all of the angles, from the absentee landlord, owning thousands of acres, to the small owner who works his own place, and the effect on soil fertility and future agriculture of Illinois. Later a two days hearing will be held in Springfield and the commission will make a report of the findings.

In every community where these hearings have been held, the good and bad systems of leasing and operating farms have been discussed. Tenants were not so free to tell their side for fear of losing their leases. On the other hand, many landowners leasing farms told of splendid systems of partnership leasing which are getting the desired result.

Future production depends upon the system used by these men who are in charge of the farms. It is hard to say one system is better than another for these exceptions to all cases. However, the several hundred testimonies have pointed to certain facts which are true according to the majority of evidence.

The most striking feature of the hearings is that few farmers are doing very little other than growing clover to maintain soil fertility. Much of this clover is plowed under the first year, and even when it is left two years, both crops are taken off. In the few instances where limestone

and rock phosphate are being used, in connection with growing clover, good results are reported. A large number of men are planning to use more of these fertilizers.

Farm tenancy is increasing. The percent of leased farms runs from 50 to 80. Leased farms are not keeping up soil fertility as well as farms operated by the owner. The partnership system of leasing keeps up fertility, improvement and community spirit better than any other and the livestock partnership plan does this best. However, this does not mean that the livestock share system can be recommended in all cases.

Absentee landlordism on large estates is the worst method of leasing. There are a few notable instances to the contrary. There are not a large number of these and apparently no increase. There are several cases which are decreasing fertility fast, having poor weeds of buildings and no community spirit whatever.

On the question of a young man or tenant being able to buy and pay for a farm today as easily as 20 years ago, about 40 per cent said yes and 60 per cent no. Many thought that a State long time credit would make it easier. Many farm boys are leaving the farm for the city, even where the father owns a farm which the son could go on.

Labor shortage on the farm is more serious now than during the war and wages are higher than ever before. This will result in poorly tended farms and more weeds.

CONSERVATORY NOTES

Mr. Kritch and Mr. Munger will give a short program for the Woman's club of Virginia on Thursday afternoon, April 1st. The combined Glee clubs under Mr. Keep's direction, will sing at the meeting to be held in the Opera House Sunday afternoon, March 29th.

Phi Omega will hold its postponed meeting on Tuesday evening, March 30th. Violin, voice and piano solos will be given by Miss Wilson, Harold Hall, Elmer Nicke, and Wellington Rose. The Society plans to give its open meeting on Thursday evening, April 22.

Mrs. Winifred Kates-James, who directed the mounting, and dramatic work of the "Chimes of Normandy" three years ago, will serve in the same capacity this spring for the performances of Gilbert and Sullivan's "The Mikado".

Mr. Kritch and Mr. Munger are planning to take a trip by motor to the northern part of the State during the College Easter holiday, from Friday, April 2nd till Monday, April 5th.

Miss Nora Evelyn Young will give a Song Recital on Thursday evening, April 8th, in Recital hall.

Mrs. Winey will sing a solo at the next meeting of the Chalmers club, on Monday, March 29.

The cantata "The Seven Last Words of Christ", will be presented by the combined Glee clubs, under Mr. Keep's direction at the Christian church on Friday evening, April 2nd. The solos will be sung by Mr. Keep, Miss Ethyl Hughes and Robert Shoemaker.

The Girls' Glee club will give a concert in Ashland next Tuesday, March 30th, at the Methodist church.

ABOUT TO RETIRE FROM BUSINESS

Prominent Illinois Contractor Had Suffered Thirty Years—Tanlac Brings Health.

"When I began taking Tanlac I was so bad off I was about to retire from business," said Charles Stenstrom, the well-known concrete and excavating contractor living at 607 Fishgate St., Peoria, Ill.

"For thirty years I have suffered all the misery that goes with stomach trouble, rheumatism and disordered kidneys," he continued. "My stomach was so badly upset that it nearly laid me up all together and after every meal I took cramping spells that sometimes were so bad I couldn't leave the house for I was afraid I could not get back. I bloated up so with gas that I could not get a long breath. My legs pained me almost every minute of the day and when the weather was damp my arms hurt me so bad it was agony for me to try to bend them. My kidneys were so badly out of order that I had pains all through my back and at night I was in such misery I could hardly sleep at all. Every morning my back was so stiff it was hard for me to get out of bed and during the day I couldn't think of doing my work."

"But things are different since I got hold of Tanlac and it has made such a remarkable change in me that I feel thirty years younger and if it was necessary I could handle a shovel and turn as much dirt as any of my men. Everything that now agrees with me perfectly and I am never troubled in the least with gas or cramping spells. The rheumatism has nearly disappeared and the pains and stiffness in my back have all gone. I sleep sound every night and of mornings I get up feeling hale and hearty. I have given up all idea of retiring from my business, as Tanlac has given me new life and strength and I am enjoying better health than I have for many years."

Tanlac is sold in Jacksonville by Coover & Shreve and by the leading drug store in every town.—Adv.

Hospitals

Public Health Department

In speaking of the two "unwelcome visitors", SICKNESS can be prevented largely by obeying the laws of hygiene only. Disregard them and you pay the penalty. There is no escape from the inevitable laws of God. You will be sick? Then you owe it to the family, society and your self to rob THAT SICKNESS of as much of its dangers as possible, and by so doing you keep the "GRIM REAPER" on the outside much longer.

You can do this more effectively by going to the HOSPITALS—"the sick man's arsenal"—the sensible man's

refuge in time of threatened death—I mean his earthly refuge. Your chances of recovery ARE GREATER, your period of sickness CUT SHORTER and your economic value enhanced.

You say "It costs too much." Here again you make a mistake. There is no comparison of health with money. "Health is wealth", but in actual dollars spent, the odds are in favor of the Hospital.

NOW I'LL SHOW YOU.

The special pre-Easter services will continue all week. Rev. Wilson will return Monday and he with us during the week. He has been doing some very fine preaching and every member of the church ought to hear him. Sunday school at 9:30 a. m. William Bieber, superintendent. A decision service will be conducted at this time.

RESOLUTIONS OF RESPECT IN MEMORY OF MRS. W. E. MURRAY

As we meet together in our Circle today, we mourn the loss of a dear sister, one who was a charter member of our Mission society.

Resolved, Therefore, That we miss her sunny smile, her encouraging words, and realize her deep devotion and earnest interest in the mission cause, while she was with us.

Resolved, That in her death, we have lost a faithful member, an efficient laborer, one of rare social qualities, generous in her kind deeds, helpful words, and monthly contributions, many times giving double the annual dues.

Resolved, That her memory will be an inspiration to us, that we profit by her Christian example.

Resolved, That we extend our sympathy to the family and that a copy of these resolutions be spread on the minutes of the Circle record and a copy be sent to each of the county papers.

Mrs. J. A. Litter, Pres.

Mrs. C. A. Beavers, Secy.

Mrs. D. K. McCarty, Corresponding Secretary.

PREPARING the Spring seed bed is a quick, sure job for the Bates Steel Mule.

Its Crawler traction does not slip on the soft ground and therefore allows double discing and harrowing in one operation.

It also does this work at a fast speed, thus making a finer seed bed than is possible with most tractors.

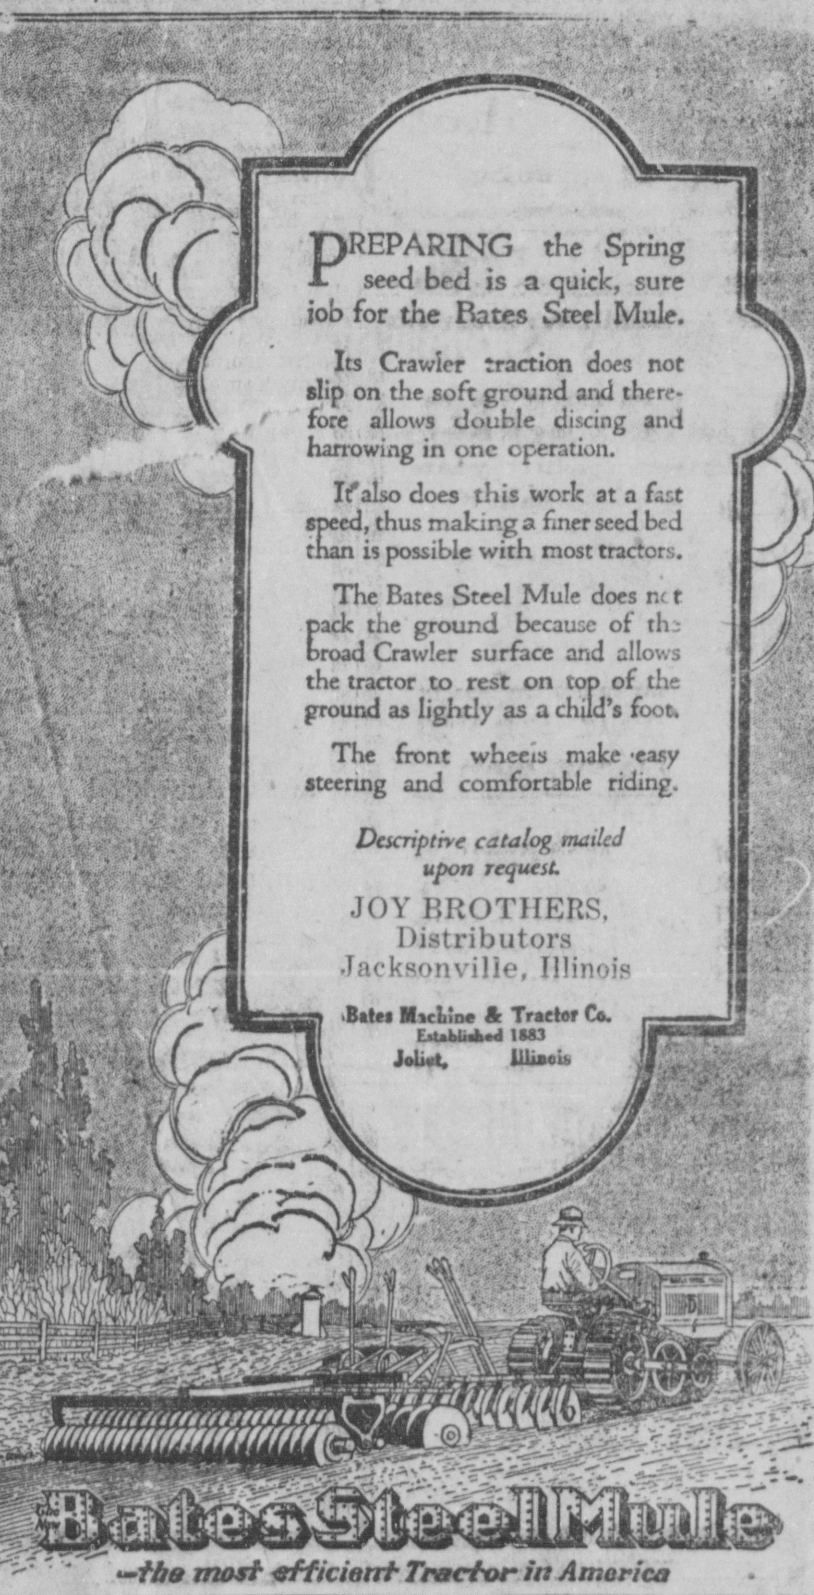

The Bates Steel Mule does not pack the ground because of the broad crawler surface and allows the tractor to rest on top of the ground as lightly as a child's foot.

The front wheels make easy steering and comfortable riding.

"ONLY ONE THING BREAKS MY COLD!"

"That's Dr. King's New Discovery for fifty years a cold-breaker"

NOTHING but sustained quality and unflinching effectiveness can arouse such enthusiasm. Nothing but sure relief from stubborn colds and onrushing new ones, gripe, throat-aching coughs, and croup could have made Dr. King's New Discovery the nationally popular and standard remedy it is today. Fifty years old and always reliable. Good for the whole family. A bottle in the medicine cabinet means a short-lived cold or cough, 60c. and \$1.20. All druggists.

Stubborn Bowels Tamed
Positive in action, yet natural, comfortable, pleasant. Dr. King's New Life Pills are a boon to bowels that need assistance. They eliminate fermenting waste and put the system in normal shape. All druggists—25c. a bottle.

HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and any one who has catarrh or a cold can do the same. Ask your druggist for three quarters of an ounce of Mentholized Arcine and pour it into a pint bottle, then fill the bottle with water that has been boiled. Gargle the throat as directed, and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you. "Seven a day for seven days—Wonderful results."

ILLINOIS WOMAN'S COLLEGE NOTES

The Sunday Y. W. C. A. meeting, led by Elizabeth Bothwell, consisted of a discussion of the Personal Basis of Membership, which question is to be brought up at the Cleveland convention in April.

Freshmen Recognition was celebrated on Tuesday. At morning chapel the freshmen, with their junior escort, marched in dressed in white, with blue ties and hair bands, on which were the numerals, 1923. Miss Mary McGhee of the class of '19 presented to the banner of the college and white which was accepted by Miss Marguerite Wills, president of the freshmen class. The class song and hymn were sung accompanied by a freshmen orchestra, after which Dr. Harker addressed the class. In the evening the freshmen gave a number of clever stunts in the social room, and a serenade at nine-thirty.

The second number of the Artists' Course, in concert by the Zoellner String Quartet, was presented on Monday evening in Music Hall. The program, which consisted of classics from both old and new masters was decidedly artistic. The last number of the Artists' Course will be the appearance of Miss Frances Ingram on April 22.

Among the guests at the college during the week were Mrs. Nelson A. Wright of Manila and Mrs. Willert of Springfield. Mrs. Charles Bells of Kirkland, Ind.; Mrs. W. H. Bain and her little daughter of Waynetown, Ind. Mrs. John W. Remley of Waynetown, Ind., has been visiting her daughter Miss Dorothy for several days.

Miss oe Fitzpatrick has been the guest of Miss Dorothy Remley for several days. Miss Helen Hoffman was a guest of Miss Margaret Fowler for a few days.

Essex Sets World 24-Hour Road Mark of 1061 Miles

Unmatched Endurance Proof Made by Stock Essex Over Snow-Swept Iowa Dirt Roads

Already driven more than 12,000 miles, an Essex stock touring car has established a new world 24-hour mark of 1061 road miles, over frozen, snow-bound, dirt roads of Eastern Iowa.

Not a stop was made for repairs or adjustments. Running day and night, Essex completed the grueling test without a halt except for fuel and oil. Not even a tire change was made.

The average speed was 47.3 miles per hour.

Essex Also Holds the World's 50-Hour Mark

An Essex stock chassis also holds the world's 50-hour endurance mark of 3037 miles, made under A. A. A. supervision, on the Cincinnati speedway.

In three starts, the same Essex ran a total of 5870 miles in 94 hours, 22 minutes, actual driving time, averaging more than a mile a minute.

Doesn't It Settle the Light Car Question?

Prior to Essex, light weight in an automobile meant principally moderate price, and perhaps gasoline and oil economy.

Light cars had no distinction of speed or power. Buyers did not expect fine appearance and performance.

The coming of the Essex changed that. It brought fine car quality, speed, power and endurance to the light car field. Its performance was matched only in the large costly car class.

Is it any wonder that Essex has made a world's sales record of more than \$35,000,000 paid for 22,000 Essex cars, in its first year?

We are already booking orders for spring delivery. There is no possibility that all buyers can be served. Now is the time to make your reservation.

REVIVAL BEGINS AT GREENFIELD CHURCH

Services in Progress at M. E. Church—Greene County Teachers' Attend Institute—Other News Notes.

Greenfield, March 26.—Mr. and Mrs. Ed Ford left Tuesday for Hot Springs, Ark., where Mr. Ford hopes to have his health benefited.

The Greene County teachers held a three days institute at Greenfield last week. The lectures and instructors were Miss Florence Hazelett of Taylorville, Dr. L. H. Beeler of Chicago and G. D. Wham of Carbondale.

Miss Nellie Story attended the funeral of her uncle William Story of Jacksonville. The funeral was held at Nortonville, Wednesday.

Clinton Tucker of Wrights, spent Sunday with his brothers, Lurten and Clifford Tucker.

Revival services began at the Methodist church last Sunday. The pastor, Rev. Henry will conduct the services this week. The singing evangelist will come Sunday and the deaconess will arrive later to help with the personal work.

Two of our boys who are attending Illinois college at Jacksonville came home last week to rest up after an attack of the flu; namely, Don Henry and Richard Hobson.

LEXINGTON

Buy a Really and Truly Good Car and You Will Never Drive Anything But a Lexington Again.

With the Moore multiple exhaust and Lexi-gasifier you get more power and speed than with the ordinary system. Also more miles to the gallon of gas with low grade fuel than is possible with high grade fuel with the ordinary system. Every particle of gas enters the cylinder dry. No thinning of lubrication oil by unburnt particles of gas. Also TWO-WAY LAMPS which makes dimming of lights unnecessary when meeting another car. In fact there are so many good features on the Lexington that you must see and ride in it to fully appreciate it.

TWO FIRE ALARMS SATURDAY

The fire department was called to the property at 111 North Kosciusko street at 7:35 o'clock Saturday morning. Fire had started in the roof by sparks from a chimney. The property is owned by Dr. H. L. Griswold and occupied by O. C. Bolman. The damage was slight and fully covered by insurance.

At 11 o'clock Saturday morning the department responded to an alarm from the residence of Mrs. Julia Collins, 919 South East street. Mrs. Collins set fire to some trash in the garden and the blaze got beyond her control and was burning the fences. The blaze was extinguished without material damage.

Ten Minutes with this Elegant New Chalmers Tells You the Story

YOU find it starts at once; that it is running with amazing sweetness in a few seconds. You note no vibration. You call for speed and you get results. You tone it down and you detect a willing and perfect servant obeying every wish.

Ten minutes gives you a recast opinion on motor cars. Your admiration for a Chalmers deepens. You search for the cause and you find it in Hot Spot and Ram's-horn.

You may or may not know that "gas" is worse this year than last, that it is becoming heavier and heavier and harder and harder to "burn."

Few engines have met this serious condition.

The great Chalmers engine has. It takes the low grade "gas," throws it against the Hot Spot, which vaporizes the "gas" into a "cloud," and makes it "fine for fuel."

Ram's-horn, minus sharp corners and abrupt bends, rushes it to the cylinders at a velocity of 100 miles an hour.

Thus the cylinders get a fuel that they can "burn," can "digest," instead of "lumpy" or "rainy" kind of "gas."

Not only can you note results in a distinguished smoothness of action, but in your repair bills.

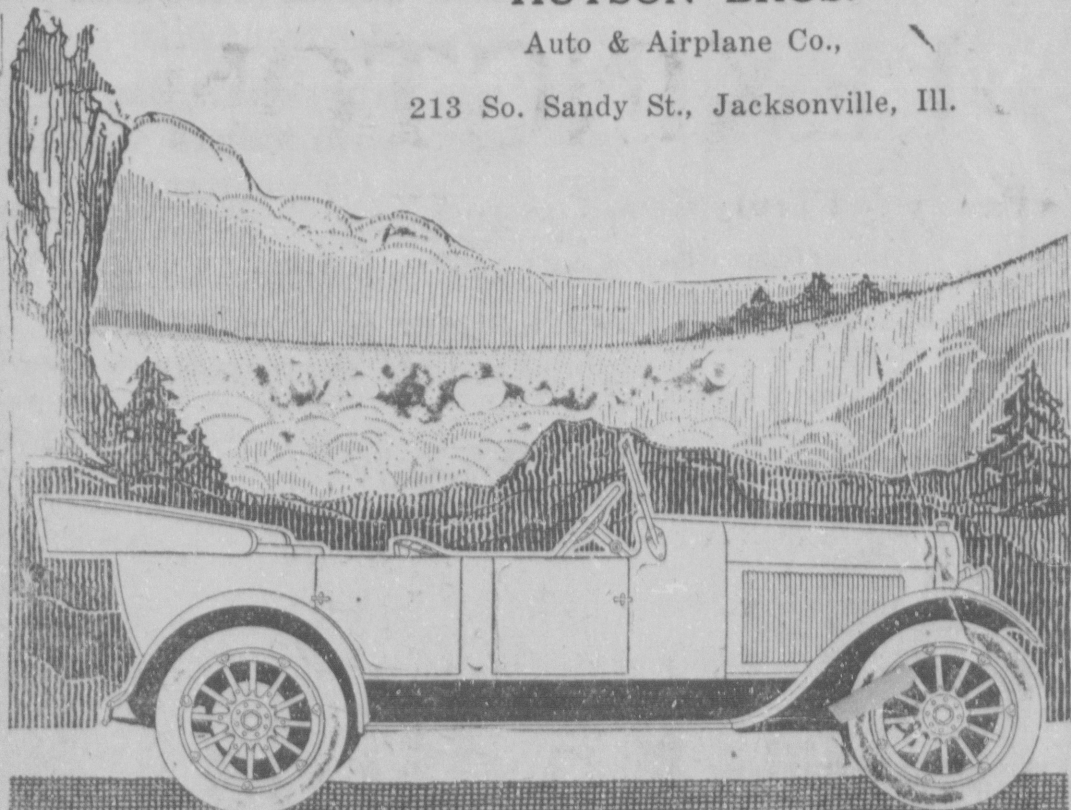

For Hot Spot and Ram's-horn provide against thinned out lubrication and consequent burned bearings, scored cylinders, frequent fouling of spark plugs, and wasted "gas" through the exhaust.

Ten minutes will tell; and then you, too, will say Chalmers is one of the few, great cars of the world.

PAIGE

The Most Beautiful Car in America

A Feature of the Shows

It is no exaggeration to say that our new "Glenbrook" model has been a sensational feature of both the national and local automobile shows.

Its fame has traveled from state to state, city to city, and it now occupies an unchallenged position of leadership in the field of five-passenger cars.

In our long experience as manufacturers, we have never produced a model that has so quickly won its way to public favor.

Everyone, apparently, recognizes in the "Glenbrook" an engineering and designing achievement of the utmost importance.

Designed and built in the Paige

shops—and powered with our new six-cylinder motor—it surpasses every standard heretofore accepted as the best in five-passenger motor cars.

The "Glenbrook" is now one of the fastest selling cars on the American market and the demand is increasing with each succeeding day.

Already our production schedule has been sorely taxed and orders for spring delivery will undoubtedly result in an oversold condition.

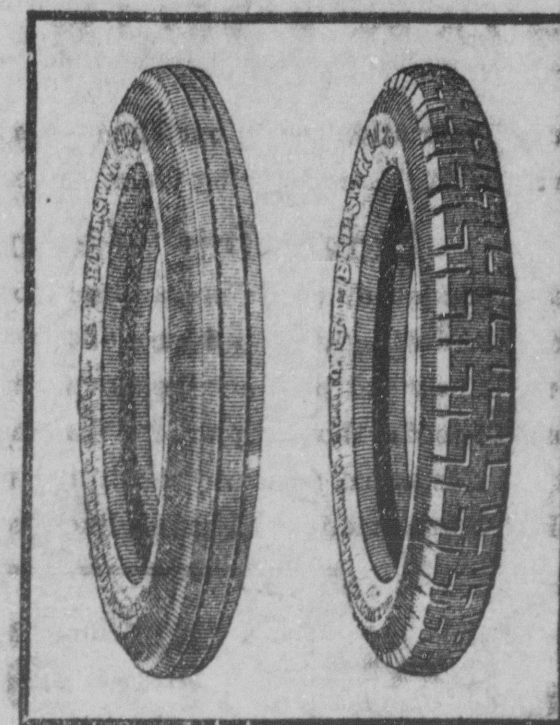

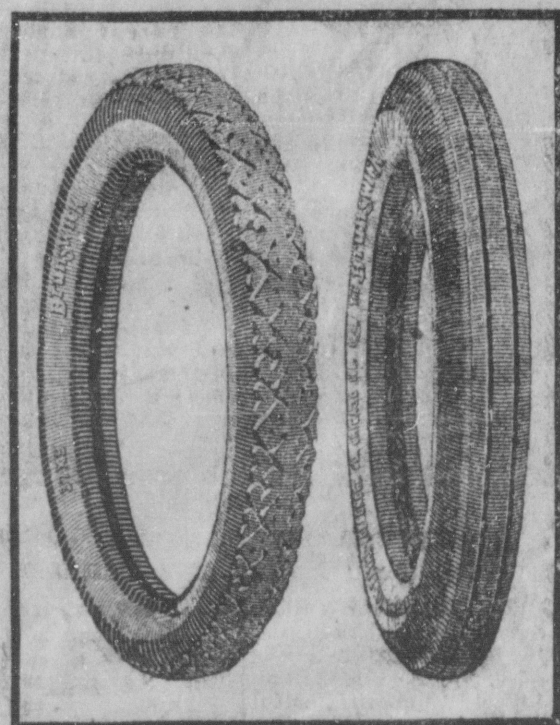

Compare it with any five passenger car that the market affords and determine whether it is not, indeed, the greatest dollar-for-dollar value in the light six field.

Before the first Brunswick Tire was ever built, we analyzed and tested over 200 tires.

Since 1845 the name of Brunswick has stood for superlative values and fair-dealing.

Tires Differ As Policies Differ

Some Remarkable Facts About Brunswicks

THERE is nothing to prevent any maker from producing a super-tire. All formulas, all methods are well known in the industry. A perfect tire is simply a question of care and skill and cost. These facts can be verified by testing 200 types of high-grade tires and analyzing their materials and construction—as the Brunswick laboratories have done.

In a super-tire, such as The Brunswick, there can be nothing exclusive. Because such a tire must be a composite of all that is best. No one feature must overshadow others.

In Brunswick Tires, for instance, we have included that familiar formula, long in use, which makes the best tire tread that's known.

And there's a certain type of fabric which, by test, is stronger than all others. Naturally it is in The Brunswick.

To attain the utmost in tire mileage there are certain reinforcements—certain extras. We have adopted all.

To combat the commonest tire troubles, we have adopted the approved side-wall construction, long tested.

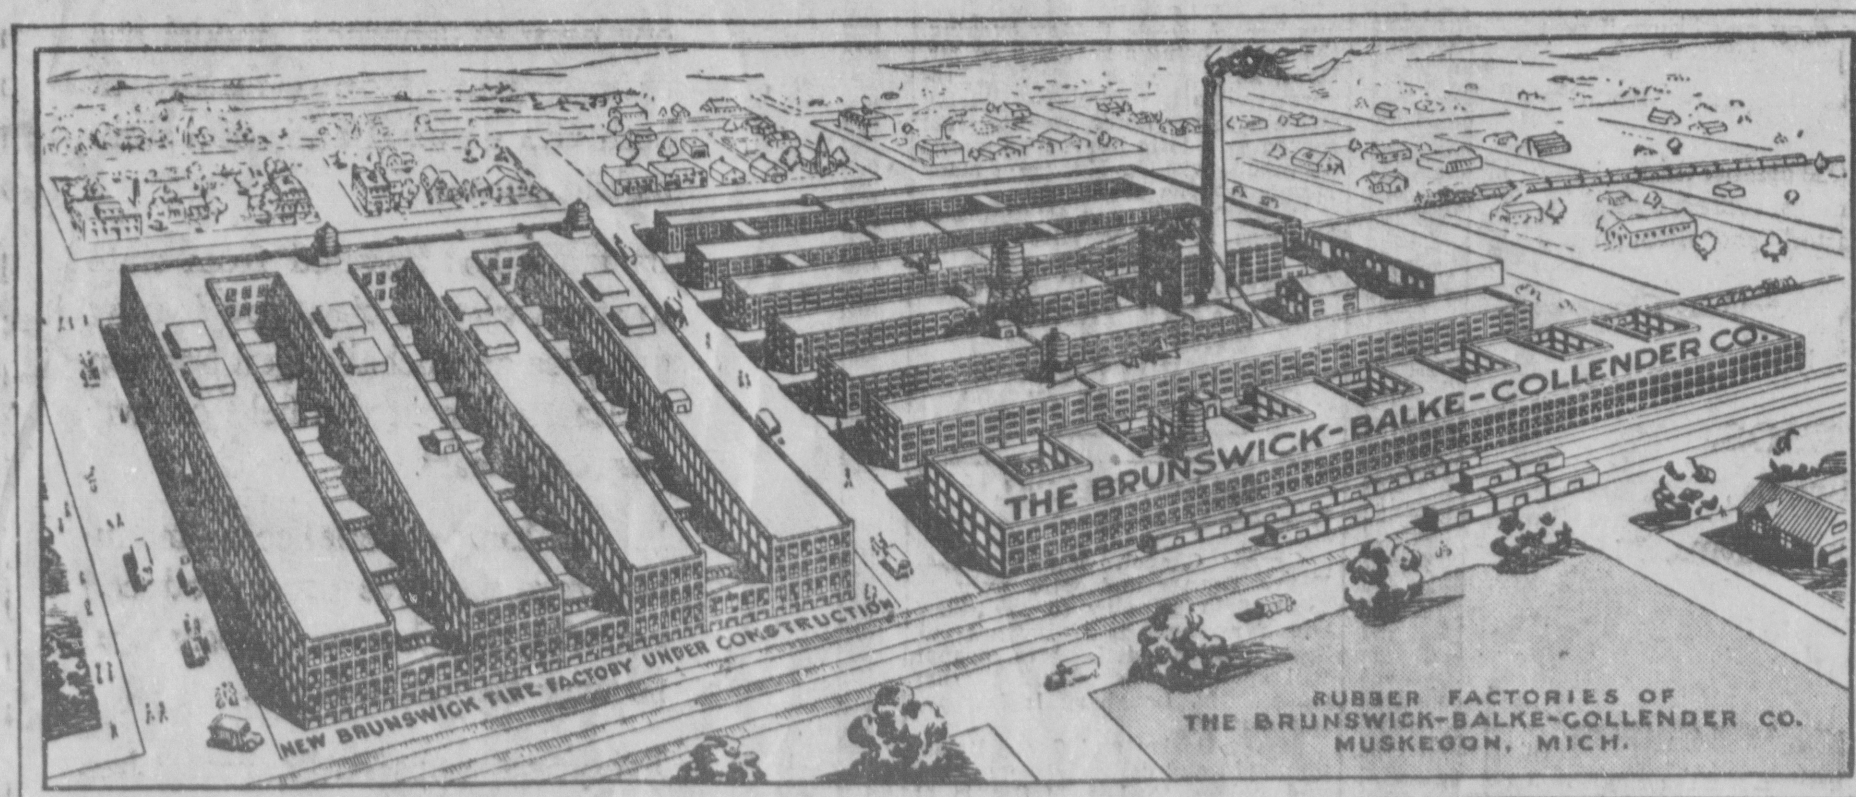

In other words, The Brunswick brings you a combination of supremacies, such as were never possible before.

In attaining a tire worthy of the name of Brunswick we were convinced that it depended chiefly on policies and standards, on prejudices and knowledge. Brunswick Standards are known the world around. For 74 years the House of Brunswick has made only products of the highest grade.

Every Brunswick product has attained and held supremacy. The name always insures superlative values. To build a mediocre tire would be unthinkable for such a concern, jealous of its long-standing reputation.

Brunswick TIRES AND TUBES

*Sold On An Unlimited Mileage
Guarantee Basis*

The Brunswick idea is to give all that is possible, all that anyone can give—all that any factory cost can buy.

The result is a tire that is winning friends the nation over. In The Brunswick motorists expect the utmost—and get it. Never has a tire had greater appeal to the man who appreciates real merit.

Try one Brunswick. See if you agree with others that here is more for your money. One Brunswick, we are certain, will convince you that you'll never be satisfied until you have all Brunswicks.

Daily Market Report

CLOSE OF CORN

MARKET HEAVY
(By the Associated Press)
CHICAGO, March 27.—Announcement that the proportion of cars allowed to export from Chicago would be increased had a bearish effect today on corn. The close was heavy at the same as yesterday's finish to 1/2¢ lower with May 1.55 1/2¢ and July 1.50 1/2¢ to 1.51 1/2¢. Oats were unchanged to 1/4¢ higher, and provisions up 10 to 50¢. It was definitely arranged that 50 per cent of the eastern cars received at Chicago elevators here would be hereafter until further notice be issued to load wheat. Inasmuch as this plan shut out any immediate prospect of a better outlet for coarse grain to the seaboard some weakening of the corn market was natural. Previously the trend of corn quotations had been toward a higher level during most of the season. This was due chiefly to lack of offerings except at an advance. The fact that houses with eastern connections were purchasing rye and wheat counted also at first as an encouragement to bulls in corn. Sellers of corn, however, were in a decided majority at the last. Oats were relatively firm owing to seedling delays and to closing of the season between Chicago and Winnipeg. Provisions reflected an upturn in hog values together with a little more optimism regarding export.

STOCKS IRREGULAR AFTER STRONG OPENING

(By the Associated Press)
NEW YORK, March 27.—Sharp reactions among the more volatile issues changed the course of today's stock market session from a strong opening to an irregular close.
General Motors opened at a moderate decline ending at a loss of 15 points at 37 1/2.
Stutz Motor in which there are rumors of a "corner," rose to the new high of 330 but finished at an actual loss of six points at 318.
Crucible Steel reversed its initial gain of two points to an actual loss of four, and other motors, steels and railway equipments forfeited much of their advantage. There were sporadic movements, mainly upward in oils, tobaccos, coppers, electric equipments and shippings, Atlantic Gulf standing out for its net gain of seven points.
Sales 750,000 shares.
The weekly market and federal reserve bank were favorable to their main essentials, the former more than recovering last week's deficit of actual reserves while the local reserve bank reported impressive gains in gold and total reserves.
The bond market was steady, but liberty issues eased from their best. Anglo-French 5s and United Kingdom of 1937 were firm. Total sales (par value) were \$6,425,000.

CHIROPRACTIC lives and advances because it is founded on Natural Laws of Health. In just a few years it has grown from a "quack" idea for which its handful of practitioners were persecuted and jailed, to a recognized science that has benefited thousands, and has its many schools and associations, with practitioners in every nook and corner of the country.

A REAL HOPE OF RELIEF

Why this growth? Because Chiropractic offers to suffering humanity the richest gift of Nature—health. It grows because thinking people know that sickness is unnatural in a normal body, and are eagerly taking up that science which attacks the abnormal sick conditions in the logical way, and, without drugs or knife, removes the cause of disease.

The Chiropractor does not cure. He puts the body in tune with nature and the natural healing forces build up and strengthen the weak and diseased organs and tissues. He has found that certain diseases are the result of the pressure of the spinal bones on the nerves which obstructs the life-giving currents. By adjusting certain parts of the spine and removing the pressure, illness in those organs that these nerves feed, can be relieved. Through

the most miraculous benefits have been bestowed upon thousands after all other methods have failed. In many cases where children, men and women have been given up, or pronounced incurable, complete restoration followed the employment of Chiropractic (KKI-RO-PRAK-TIC) methods. To the sick it offers a real hope of relief. Send your name and full information about Chiropractic will be given.

CHAPIN FIFTY YEARS AGO

Some men of today are inclined to boast of their memory of boyhood days. We can all remember our early life better perhaps than later on when we have so much more that claims our attention. The writer relates this story to his four boys, and gives it to the Journal, as perhaps it may be of interest to other boys.

Fifty years ago, Chapin was a much smaller village than now. The original town was laid out by Lyman and Horace Chapin in April 13, 1858, being four and one-half blocks north and south and five blocks east and west.

The Toledo, Wabash and Western railroad had been running for a number of years; the Rockford, Rock Island and St. Louis road was in its infancy.

Not so many wagon roads entered the village as at present. We lived then about five miles north of Chapin, and as a boy of six years I got many a ride to Chapin in a two-horse wagon solely, because I was useful to open gates! The road that now runs north from the crossroads to the Fox road had not been opened, consequently we must go to Chapin via Bethel or else travel a neighborhood road and pass through as many as seven gates. This being the near way and also a good track, we generally went by this route, going through land belonging to George Fox, the Smiths, George Perbix, and Samuel French. Mr. French had a very large bluegrass pasture on the way and in it grazed a large herd of cattle and also a pair of buffaloes. The latter were quite a sight for a small boy, and I believe many men passed through by this road on purpose to see the buffaloes.

NuBONE CORSETS

are made for your figure whether it be a normal one of whether it possesses peculiarities. The stays are neither too stiff nor too flexible and they do not rust or break. Some corsets secure style at the expense of comfort and health. Others avoid discomfort to the wearer but fall short in producing that desirable well-dressed effect. NuBone corsets combine both of these essential features. NuBone Corsets are made-to-measure; also kept in stock. Call, write or phone without obligation on your part for information or appointment.

Mr. French had a very large bluegrass pasture on the way and in it grazed a large herd of cattle and also a pair of buffaloes. The latter were quite a sight for a small boy, and I believe many men passed through by this road on purpose to see the buffaloes.

The bank of Chapin then must have been the strong iron box in the general store of J. D. Cooper & Son; all the banking of the community was done at Jacksonville. H. M. Parks and his son William were the wagonmakers while Thomas Biggers and Patrick Daly were the blacksmiths. E. P. Fox, and Ticknor & Dooley were the grain buyers. A few years later Mr. Fox located in St. Louis. Lyman Chapin was a resident of Chapin, living near the south edge of the village. He was also an extensive farmer. My father shelled a very large amount of corn for him in June, 1875. The writer was present and helped with the operations. We used a six-horse power sheller, the first of its kind in these parts. Two men at a time scooped the ear corn into the sheller, the shelled corn ran into a box wagon and then was hauled to the Wabash grain cars, to be scooped once more. That was some work!

Mr. French was the "cattle man" of the vicinity, and he farmed on a large scale also. Alexander Anderson was another prominent farmer, living near Bethel. As this is the season of public sales we must not forget to mention the name of one of Morgan county's best known auctioneers, John L. Taylor. He lived southwest of Chapin and was also a prominent farmer. Now the writer must tell a joke on himself. Many times I had heard how Mr. Taylor sold horses, cows, farm implements, etc., "under the hammer." Imagine my disappointment when, while attending a sale, I looked in vain for the auctioneer's hammer!

I might mention many other old farmers names such as: Duckett, Moody, Brownlow, Ticknor, Bozarth, Drake, Callaway, Dickens, Guinane, Kinnett, Hobson, Caseldine, and Bobbitt, and others too numerous to mention. The middle aged men of that time have long since gone to their final reward. If they could have had just one glimpse into the future forty or fifty years ahead and have seen the numerous "joy wagons" of today go tearing along over the "Burlington Way" and "Ocean to Ocean highway", they would surely have rubbed their eyes in wonder.

The telephone was yet to come, so the small boy on horseback or on foot had to carry messages from farm to farm. The good wife could not "ring up" her neighbor after dinner for a good old chat, but they made social calls in person just the same. There was sociability worth while!

Kerosene lamps were the most stylish lights then, but the tallow candle was a very common form of illumination. The two-row corn planter was here, but they were not very numerous. We boys had to drop the corn by hand in the "land of stumps" and also by hand on the corn planter owned by at least two farmers. The McCormick selfrake reaper was the up-to-date harvester. The Sweepstakes, Massillon and other makes of threshers had no engine to drive them, but the eight horse "down-power" furnished the motive power needed.

Speaking of churches the Christian and Methodist Protestant church buildings were small and old-fashioned. The first church wedding at Chapin in my recollection was in June, 1876. J. T. Whorton was the groom and Miss Martha Fox was the bride. Special music was furnished for the occasion by the Chapin brass band.

Chapin fifty years ago, and the village of today look very much different to our eyes. The large stores contain the things which we used to go to the city for. The Chapin State Bank does a good business and is indispensable to the community. The elevators and other business concerns all have their places. Both the Methodist Protestant and the Christian congregations have built larger and more modern places of worship since 1870. All that is lacking now is airplanes for the rural mail carriers.

Cole Aero-EIGHT

BALANCED TO ZERO

What enables the Aero-Eight to be so light and yet possess such strength, endurance and stamina?

Aero-type engineering has solved the problem of obtaining strength without relying on bulky weight. The tenuous frame work of the aeroplane is able to support almost unbelievable burdens and to withstand the rigors of the most violent strains. Absolute co-ordination of all supporting members is required so that each will share in maintaining the load applied at any point. The entire mechanism is balanced to zero.

These principles of perfect balance are applied in the design and construction of the Aero-Eight and vest its mere 3,600 pounds with strapping vigor.
